

Jimin Fu

傅治閔

when I was born - 1986

Electrical engineering student in TKU - 2005

M41A3 tank driver of marine - 2009

z/VSE operator in Fubon - 2010

Front-end and UI designer in AI Group - 2012

Summary

These two years in AI Group, I got a lot of skills about web design, like prototyping, wireframe, user experience, visual design and front-end. In my free time, I also design the whole app's user interface, interation, and visual identity. You may find out more information in my portofolio website.
