Hello, I'm Jimin Fu.
Front-end & UI/UX designer

SUMMURY

Made by lovely mom. Comes from Taiwan.

He's not a designer, he's not a programmer either. He just likes to play something different and makes things attractive. He attends to creat epic works, but at the same time, he definitely understands that he is such powerless on his own.

He'd like to be a part of a great team so bad, and always loves to be.
