Jimin Fu

傅治閔

when I was born — *1986*

Electrical engineering student in TKU — *2005*

M41A3 tank driver of marine — *2009*

z/VSE operater in Fubon — *2010*

Front-end and UI designer in AI Group — *2013*

Summary

These two years in AI Group, I got a lot of skills about web design, like prototyping, wire-frame, user experience, visual design and front-end. In my free time, I also design the whole app's user interface, interation, and visual idenity. You may find out more information in my portfolio website.
